Abstract of Statistics of Local Government Areas

EIGHTH ISSUE

1968

F. W. SAYER
DEPUTY COMMONWEALTH STATISTICIAN
AND GOVERNMENT STATISTICIAN

By Authority: ALEX. B. DAVIES, Government Printer
1968
4045/8/68—1M

PREFACE

The *Abstract of Statistics of Local Government Areas* is designed to meet an evident demand for statistics presented on the basis of areas smaller than that of the State as a whole or of the Divisions of the State. This issue is the eighth of the series.

The *Abstract* provides a range of information for each local government area in Western Australia. Although some of the material has been specially compiled, the greater part of it has been abstracted from tables already appearing in other printed and mimeographed publications of this Office. Census data have been taken from publications prepared and issued by the Commonwealth Statistician, Canberra.

The *Abstract* does not give a complete account of development in any single local government area since each item selected for inclusion is such that it has a wide general application and thus represents an activity or characteristic occurring in all, or many, local government areas. For this reason some items, though they may be important to Western Australia as a whole or to a particular part of the State, have not been included. Again, some information is not available or is not readily obtainable for local government areas. Furthermore, data cannot be given for a particular area in cases where publication would be a breach of the provisions of the Statistics Acts, which require that the contents of any individual statistical return shall be treated as confidential. In these instances items have been marked *Not available for publication.*

While the principal aim of the *Abstract* is to provide statistics of individual local government areas as in Table 1, it has been thought desirable to include a summary of these data on a broader geographic basis. This is the purpose of Table 2, where particulars are given for each of the ten Statistical Divisions, which constitute significant areas for the publication of statistics in a convenient and readily appreciable summary form. The Statistical Divisions and their component local government areas are shown on the map appearing at the back of the *Abstract* and are listed on page 28. In Table 1, local government areas have been arranged alphabetically within each of these Divisions, and to facilitate reference to the table an index list of local government areas is provided on page 27.

EXPLANATORY NOTES AND DEFINITIONS

Items 2, 3

Estimates of population in local government areas at 30 June 1967 refer, for the first time, to total population, i.e. including Aborigines. Estimates of the numbers of dwellings are also on the basis of total population.

Before an amendment to the Australian Constitution in 1967, it was provided by section 127 that ' in reckoning the numbers of the people of the Commonwealth, or of a State or other part of the Commonwealth, aboriginal natives shall not be counted '. This provision was deleted by the *Constitution Alteration (Aboriginals) Act* 1967, following a referendum held on 27 May 1967 which resulted in a large majority of votes in favour of its repeal. The Act became operative on 10 August 1967.

Item 2

The numbers shown include ' private ' and ' non-private ' dwellings, both occupied and unoccupied. The term *dwelling*, as used in this publication, means any habitation occupied (or intended for occupation) by a household group living together as a domestic unit, and may comprise the whole of a building or only part of it. The term has therefore a very wide reference and includes, in addition to houses and flats, a great variety of dwellings ranging from a single-roomed shack to a multi-roomed hotel or institution.

Items 4, 5

These statistics, which previously excluded births and deaths of full-blood Aborigines, now include events among the total population (see note to Items 2 and 3 above). These new statistics were first compiled in respect of the March quarter of 1967. Accordingly, the figures shown exclude particulars of full-blood Aborigines for the six months ended 31 December 1966 but include births and deaths among the total population from 1 January 1967.

Figures shown do not necessarily represent the numbers of births or deaths actually occurring in a particular local government area, births being attributed to the usual place of residence of the mother and deaths to the usual place of residence of the deceased. Figures are compiled according to date of registration and not date of occurrence.

Items 6–53

Full-blood Aborigines are excluded in accordance with the requirements of section 127 of the Australian Constitution, repealed with effect from 10 August 1967 (see note to Items 2 and 3 above). Dwellings occupied solely by full-blood Aborigines are also excluded.

Persons were enumerated at the place where they spent the night of the Census, and the population so recorded has been credited to that place whether or not it was the usual place of residence.

Item 18

Excludes widowed and divorced persons and persons married but permanently separated.

Item 22

For census purposes, industry may be defined as any single branch of productive activity, trade or service. It is concerned with the activities of persons, firms or businesses *considered as a group* producing the same commodity, performing the same process or providing the same service. Each person engaged in any such branch of economic activity is classified industrially as belonging to that particular branch *irrespective of his personal occupation within the industry.*

Figures may appear against an industry not carried on in the particular local government area under which they are shown. Generally, such figures represent persons temporarily absent from their usual place of residence.

Item 23

Includes fishing ; hunting and trapping ; agriculture, grazing, dairying, pig and poultry farming, and bee keeping ; and forestry.

Item 26

Comprises construction and repair of buildings and construction and maintenance works such as those associated with roads, railways, bridges, harbour and river works, aerodromes, electric power, water conservation, irrigation and sewerage.

Item 27

Includes road, rail and air transport, shipping and stevedoring, and post, telegraph and telephone services (including construction and maintenance of telegraph and telephone lines).

Item 28

Includes banks, insurance offices, friendly and benefit societies, house and estate agencies, building societies, trustee companies, hire purchase, and stock and share broking.

Item 29

Comprises wholesale and retail trade ; wool, skin and produce dealing ; and stock and station agencies.

Item 30

Particulars included for *Public authority* (*n.e.i.*) are residual figures comprising persons in the administrative sphere of general government and local government *who have not been classified elsewhere.* They do not, therefore, represent the total numbers of persons engaged in or attached to all fields of government service, Commonwealth, State or Local. For example, many employees of the Public Works Department or of local government authorities have been assigned, in accordance with evidence contained in their Census schedules, to Item 26, *Building and construction.*

Item 31

Includes police and fire brigades, hospitals, education, professions such as law, medicine and architecture, and business services such as consultant engineering and surveying, accountancy and auditing, industrial and trade associations, advertising, etc. Particulars include not only qualified practitioners, but also persons employed by them as, for example, receptionists, clerks and draftsmen.

Item 33

Of the total of 11,385 persons shown against this item for Western Australia, 5,854 were classified to *electricity, gas, water and sanitary services (production, supply and maintenance).* The item includes also 5,523 persons whose industry was inadequately described or not stated.

Item 34

The *Work Force* comprises all persons engaged in an industry, business, trade or service, and includes persons who were not working at the time of the Census. It includes employers, the self-employed (*i.e.* persons working on own account but not employing others), employees on wage or salary, and unpaid helpers (other than those usually working in such activities for less than fifteen hours per week).

Item 38

See note to Item 2 for definition of *dwelling.*

Item 39

Private houses include semi-detached houses ; terrace houses ; and shared private houses for which only one Householder's Schedule was received.

Item 40

Sheds, huts, tents, etc. include sheds, huts, tents, garages, caravans and boats, which are used for dwelling purposes.

Item 41

Share of private house is a portion of a shared private house which is occupied separately and for which portion a separate Householder's Schedule was furnished.

Item 42

Self-contained flat is part of a house or other building which can be completely closed off and which has its own cooking and bathing facilities. Home units are included.

Item 43

Includes share of self-contained flat ; flat (not self-contained) ; and dwellings such as rooms, apartments, etc. which are parts of buildings but are not self-contained units.

Item 46

Includes purchaser by instalments.

Item 48 — Includes houses occupied by caretakers and houses where the nature of occupancy was not stated.

Item 49 — Includes kitchen and permanently enclosed sleep-out, but excludes bathroom, toilet, pantry, laundry, and storeroom.

Item 54 — In Western Australia, there is no single authority responsible for the licensing of motor vehicles. The Traffic Branch of the Police Department licenses vehicles in the Metropolitan Traffic Area, which comprises the Cities of Perth, Fremantle, Nedlands, South Perth and Subiaco ; the Towns of Claremont, Cottesloe, East Fremantle, Melville, Midland and Mosman Park ; the Shires of Armadale-Kelmscott, Bassendean, Bayswater, Belmont, Canning, Cockburn, Gosnells, Kwinana, Peppermint Grove, Perth and Rockingham ; and parts of the Shires of Mundaring and Swan-Guildford. Outside the Metropolitan Traffic Area each local government authority is responsible for the licensing of vehicles in its own district.

The Traffic Act provides for the registration of motor vehicles throughout the State, but those owned by the Commonwealth Government are not required to be licensed under the Act. At 31 December 1967, there were in Western Australia 1,776 Commonwealth-owned vehicles (excluding those of the defence services), listed with the Commonwealth Registry, Canberra. The vehicles so listed cannot be classified according to local government area and are therefore excluded from the figures appearing in the *Abstract*. They comprised 183 motor cars, 274 station wagons, 1,282 utilities, vans and trucks, 18 omnibuses and 19 motor cycles.

Item 59 — The figures shown relate to the retail trading activities of establishments, including hotels, garages and service stations, with retail sales of $1,000 or more during 1961–62, which normally sell goods by retail to the general public from shops, rooms, kiosks and yards. Establishments such as licensed clubs, canteens, laundries, dry cleaners and motion picture theatres are not included.

In comparing figures from the 1961-62 Census with those for 1956–57, as published in the *Abstract* prior to the fifth issue (1964), certain points of difference should be noted. Sales of builders' hardware and supplies ; business machines and equipment ; grain, feed, fertilisers and agricultural supplies ; and tractors were included in the 1956–57 Census but excluded from the 1961–62 Census. Also, in the 1956–57 Census sales of new motor vehicles made on a commission basis through country agents were generally shown in statistics for the former Metropolitan Statistical Division (where the businesses of the principals are mainly located) but in the 1961–62 Census, sales of new motor vehicles were included on the return of the establishment which made the sale to the final consumer, irrespective of whether the sales were made by a commission agent or a principal.

Item 60 — See note to Item 59.

Item 62 — Comprises agriculture, grazing, dairying, pig and poultry farming.

Details for local government areas outside the Perth Statistical Division which are designated ' Towns ' are combined with those for the surrounding or adjacent Shire (except in the case of the Town of Bunbury, for which separate figures are shown). Thus, particulars for the Towns of Albany, Narrogin and Northam are included with those for the Shires of the same name, those for the Town of Geraldton with the Shire of Greenough and for the Towns of Kalgoorlie and Boulder with the Shire of Kalgoorlie.

Item 63 — A rural holding is defined as a piece of land of one acre or more in extent used for the production of agricultural products or for the raising of livestock and the production of livestock products. Holdings of less than one acre on which commercial market gardens, nurseries, poultry farms or hatcheries are operated are also included.

Item 64 — Comprises persons of all ages residing permanently on rural holdings at 31 March 1967, including those temporarily absent but excluding guests and visitors.

Item 67 — The figures relate to males working on holdings at 31 March 1967 and include owners, lessees, tenants and share-farmers as well as employees on wage or salary and helpers not receiving wage or salary.

Item 68 — Excludes areas of pasture cut for meadow hay but includes areas under orchards and vineyards shown separately in Items 82 and 86.

Item 70 — *Other cleared land* comprises land cleared during the season, land in fallow and cleared land used for grazing or resting during the season.

Item 71 — Includes uncleared land used for grazing.

Item 72 — In some instances the *Total Area of Rural Holdings* exceeds the area of the Shire as shown in Item 1. This is due to the fact that in cases where a holding extends across the boundaries of adjacent Shires the total area of the holding is attributed to the Shire in which the homestead is situated.

Item 73 — At 31 March 1967. Comprises tractors of wheel and crawler types.

Items 80, 81 — Comprises meadow, oaten, wheaten and other hay. ' Other hay ' includes hay cut from barley, sorghum, lucerne, field peas, vetches, rye and sudan grass.

Item 82 — Includes areas of bananas, passion fruit, strawberries and other berry fruit.

Item 85 — Comprises production of apricots, cherries, nectarines, peaches, plums and prunes.

Item 87 — Numbers relate to livestock on rural holdings at 31 March 1967.

Items 89, 90 — Numbers relate to cattle classified according to the principal purpose for which they were kept, irrespective of breed.

Items 92, 94 — Figures relate to sheep and lambs shorn during the year ended 31 March 1967.

Item 93 — Comprises shorn wool, including crutchings, from sheep and lambs but excludes ' dead ' wool pulled from skins. The figures relate to the year ended 31 March 1967.

Item 95 — Estimated total production for the year ended 31 March 1967. Includes milk used in factory production of cheese and condensery products and the estimated whole milk equivalent of cream consumed as sweet cream, and cream used in factories for butter making. Includes milk used on rural holdings for human consumption and stock feed.

Item 96 — For statistical purposes a factory is defined as any establishment which is engaged in the processes of manufacturing, assembling, treating or repairing and in which four or more persons are employed during any period of the year or power other than manual is used.

Item 97 — Figures relate to the average number of persons employed *over the whole year* and not *over the period worked*. This distinction is particularly important where seasonal industries, such as meat or fish preserving, whaling or fruit packing, are involved. For instance, a factory which operates for six months of the year only and employs, say, twenty persons throughout that period has an average employment of twenty *over the period worked* but an average of only ten *over the whole year*.

The figures shown include working proprietors, but exclude all persons engaged in obtaining raw materials (*e.g.* fallers and haulers employed by sawmills) and all persons engaged in selling and distribution.

Item 100 Excludes amounts drawn by working proprietors.

Item 101 *Value of output* is the selling value *at the factory* (*i.e.* the value at the point of sale *less* all selling and distribution costs) of all goods made or processed during the year and includes the amount received for other work done, such as repair work, assembling and making-up for customers. Any bounty or subsidy received on finished products is included.

Item 102 *Net production* is the value added in the course of manufacture and represents the sum available for payment of wages, rent, depreciation, other sundry expenses and for interest and profit. It is obtained by deducting from *value of output* (see note to Item 101) the cost of goods consumed in the process of production. The costs deducted are those of materials used, fuel, power and light, lubricating oil and water, repairs to plant and buildings, tools replaced, and containers and materials used for packing.

Items 103, 104 The values shown for *land and buildings* and *plant and machinery* are the depreciated book values at 30 June 1967. They include estimated values in cases where premises and plant and machinery are rented by the occupier.

Item 105 The figures relate to the activities of building contractors who undertake the construction of new buildings ; the building operations of Commonwealth, State, semi-government and local government authorities ; and work performed by ' owner-builders '. *Houses* exclude temporary dwellings and also dwellings attached to other new buildings as, for example, dwellings attached to shops.

In general, building operations may be undertaken only after the issue of a permit by the local government authority concerned. There are, however, areas in some Shires where this condition does not apply. In these ' non-permit ' areas the activities of ' owner-builders ' are generally not recorded, and some other building operations may also be excluded. While it is possible that such omissions may have some significance in a particular local government area, it is considered that they do not materially affect the totals for Statistical Divisions.

Item 108 Figures include particulars of roads under the control of the Main Roads Department throughout the State. At 30 June 1967, the Department had assumed control of 3,428 miles of ' main ' roads, 7 miles of controlled access roads and 7,958 miles of ' important secondary ' roads. In addition, it had provided 43,930 miles of ' developmental ' roads, for the maintenance of which individual local government authorities are responsible.

Item 113 Figures relate to the year ended 30 June.

Item 118 Figures represent net indebtedness. Sinking fund balances, which aggregated $149,343 at 30 June 1967, have been deducted.

NOTE ON LOCAL GOVERNMENT AREAS AND STATISTICAL DIVISIONS

Local government areas in Western Australia are designated Cities, Towns and Shires. In Table 1 and in the *Explanatory Notes and Definitions* and the *Footnotes to the Tables*, the district designations and names used are those which were current at 30 June 1967.

The only change during the years 1965–66 and 1966–67 occurred on 10 September 1965 when the name of the Shire of Trayning-Kununoppin-Yelbeni was altered to the Shire of Trayning.

A change also occurred in Statistical Divisions, the Perth Statistical Division being constituted with effect from 1 January 1966 by amalgamation of the former Metropolitan and Swan Statistical Divisions.

A change in designation which occurred after 30 June 1967 and has therefore not been taken into account, is as follows :

The designation of the Town of Melville was changed to the City of Melville, with effect from 3 May 1968.

Rounding of Figures. Many of the figures appearing in Tables 1 and 2 have been rounded to the nearest unit without making those adjustments which would be needed to make the rounded figures add to the rounded total. It is for this reason that the figures do not in every case add to the totals shown in the tables.

For footnotes, see page 26.

FOOTNOTES TO THE TABLES

(*a*) See *List of Statistical Divisions and component Local Government Areas* on page 28. See also *Preface* on page iii.

(*b*) For Divisional totals, see Table 2 on pages 24–5.

(*c*) See *Note on Local Government Areas and Statistical Divisions* on page viii.

(*d*) The Shire of Coorow was constituted by severance of territory from the Shires of Carnamah, Dalwallinu and Perenjori. It came into being on 1 July 1962. Particulars are therefore not available for Items 60 and 61 (Census of Retail Establishments, 1961–62).

(*e*) For Items 63–95, separate statistics for the Shires of Carnarvon and Exmouth are not available for publication. Particulars for the Shire of Exmouth for Items 63–95 are included in the figures shown for the Shire of Carnarvon.

(*f*) The Perth Statistical Division was constituted with effect from 1 January 1966 by amalgamation of the former Metropolitan and Swan Statistical Divisions.

(*g*) The population classified as ' Migratory ' comprises persons (both passengers and crew) who, at midnight on Census night, were enumerated on board ships in Western Australian ports, or ships which had left Australian ports before Census night for ports in Western Australia. It includes also those who were enumerated on long-distance trains, motor coaches or aircraft.

(*h*) Includes migratory population. See also footnote (*g*).

(*i*) Particulars not available separately ; included in the Metropolitan Traffic Area. See explanatory note to Item 54 on page vii.

(*j*) Excludes registrations for that portion which is included in the Metropolitan Traffic Area. See explanatory note to Item 54 on page vii.

(*k*) Excludes Commonwealth-owned vehicles listed with the Commonwealth Registry, Canberra. See explanatory note to Item 54 on page vii.

(*l*) Not available for publication. See *Preface* on page iii.

(*m*) ' not available ' or ' not applicable '.

(*n*) Urban portion of Shire only ; particulars for rural portion not available for publication. See *Preface* on page iii.

(*o*) Particulars for *Rural Industry* (Items 63–95) are not compiled separately for individual local government areas which comprised the former Metropolitan Statistical Division. Totals for this area, which comprises the Cities of Fremantle, Nedlands, Perth, South Perth and Subiaco ; the Towns of Claremont, Cottesloe, East Fremantle, Melville, Midland and Mosman Park ; and the Shires of Bassendean, Bayswater, Belmont, Canning, Peppermint Grove and Perth, are available on application to the Bureau of Census and Statistics, Perth.

(*p*) Particulars for the Town are combined with those for the surrounding or adjacent Shire. See explanatory note to Item 62 on page vii.

(*q*) Less than half a mile.

(*r*) Particulars are incomplete as information for some Shires is not available.

INDEX LIST OF LOCAL GOVERNMENT AREAS
